Proposals and References

Proposal No. 1: Appropriation of Surplus

The Company hereby proposes to appropriate the surplus as described below.

1. Matters Regarding Fiscal Year-end Dividend

The Company places the highest priority on distribution of results through dividends as a measure of returning profits to shareholders. Therefore, our dividend policy centers on efforts to increase dividends steadily by the continuous increase of net income per share through the further enhancement and reinforcement of the Company's profitability based on a long-term perspective.

On the other hand, the Company deems that maintaining a high level of retained earnings is vital for it to establish its status as a leading company in photonics, as technical developments to increase its corporate value in the long term and investments for growth to generate new photon-based industries are indispensable.

Based on this policy, the Company proposes a year-end dividend of 23 yen per share for the 65th fiscal year ended September 30, 2012, after thoroughly reviewing various factors including its financial results. The amount of annual dividend will be 46 yen per share including an interim dividend (23 yen per share) that was already paid, which is 2 yen more than that for the previous fiscal year.

(1) Type of property for dividends:

Cash

(2) Allotment of property for dividends and total amount thereof:

23 yen per share of common stock of the Company for a total of 1,852,173,003 yen

(3) Effective date for distribution of dividends from surplus:

December 21, 2012

2. Other Matters Regarding Appropriation of Surplus

To reinforce its management base to prepare for business developments in the future, the Company proposes to make an account transfer as follows.

(1) Item of surplus to be increased and amount thereof:

General reserve: 6,000,000,000 yen

(2) Item of surplus to be decreased and amount thereof:

Retained earnings brought forward: 6,000,000,000 yen

Proposal No. 2: Election of Four (4) Corporate Auditors

The terms of office of all four (4) current Corporate Auditors will expire at the conclusion of the Meeting. Accordingly, it is proposed that four (4) Corporate Auditors be elected.

The Board of Corporate Auditors has given its consent to this proposal.

The candidates for Corporate Auditors are as follows.

- Notes:
1. Candidates marked with (*) are new candidates for Corporate Auditors.
 2. There are no special interest relationships between the Company and each candidate.
 3. Masaharu Hamakawa and Yuji Maki are candidates for Outside Corporate Auditor.
 4. The Company proposes the election of Masaharu Hamakawa as Outside Corporate Auditor of the Company. Mr. Hamakawa has many years of experience working at a financial institution and ample knowledge of finance, and the Company expects that this experience and knowledge will be utilized in the auditing of the Company. The Company is scheduled to file Mr. Hamakawa as independent director/auditor with the Tokyo Stock Exchange, in accordance with the rules of the exchange. He served as Managing Director and Non-Board Member Managing Director at The Bank of Tokyo-Mitsubishi, Ltd. (currently The Bank of Tokyo-Mitsubishi UFJ, Ltd.), and the Company currently has loans payable to that bank. However, more than eight (8) years have passed since his retirement in June 2004 from the post as Non-Board Member Managing Director of the bank, while the amount of loans payable to the bank is no more than 3,000 million yen, equivalent to 1.6% of the Company's consolidated total assets. Therefore, the Company is convinced that his independence is secured sufficiently.
 5. The Company proposes the election of Yuji Maki as Outside Corporate Auditor of the Company. Mr. Maki has accumulated a wealth of business experience and knowledge throughout his many years of service at TOYOTA MOTOR CORPORATION, a global

company, and the Company expects that his insight and experience will be reflected in the auditing of the Company. The Company is scheduled to file him as independent director/auditor with the Tokyo Stock Exchange, in accordance with the rules of the exchange. Although the Company has transactional relationships with TOYOTA MOTOR CORPORATION including sales of electronic devices, the scale of such transactions is no more than roughly 17 million yen on an annual basis (equivalent to 0.02% of the Company's consolidated net sales). Therefore, the Company is sufficiently convinced of his independent status.

Proposal No. 3: Granting Retirement Benefits to Retiring Corporate Auditors and Final Payment of Accrued Retirement Benefits to Directors and Corporate Auditors Coinciding with the Abolition of the Retirement Benefit Plan

The Company hereby proposes that retirement benefits be presented to Corporate Auditor Masanori Matsui, Outside Corporate Auditor Hajime Shibatani and Outside Corporate Auditor Takahiko Ijichi, who are retiring from their offices at the conclusion of this Ordinary General Meeting of Shareholders due to the expiration of their terms of office, in commendation for their outstanding services to the Company to date, at a total amount of 40,940,000 yen (of which 5,250,000 yen is for Mr. Matsui's service during his term of office as Director, and 5,440,000 yen for the services of the two (2) Outside Corporate Auditors), which was calculated in accordance with the Company's relevant standards.

The Company also proposes that the allocation, timing and method of payment of the benefits be left to the deliberations of Corporate Auditors (and to the discretion of the Board of Directors with regard to the payment for Mr. Matsui's service as Director).

The brief histories of the retiring Corporate Auditors are as follows:

	Dec. 2001	Corporate Auditor (present)
Hajime Shibatani	Dec. 2004	Outside Corporate Auditor (present)
Takahiko Ijichi	Dec. 2008	Outside Corporate Auditor (present)

In addition, the Company passed a resolution at the Board of Directors Meeting held on November 12, 2012, to abolish the retirement benefit plan for Directors and Corporate Auditors as of the conclusion of this Ordinary General Meeting of Shareholders, as part of the ongoing management reform.

In accordance with this measure, the Company proposes that the final payment of accrued retirement benefits be granted to the 14 incumbent Directors and one (1) Corporate Auditor scheduled to be reappointed subject to the approval of Proposal No. 2, in commendation for their outstanding services to the Company up to the conclusion of this Ordinary General Meeting of Shareholders, at a total amount of 1,339,447,000 yen to the Directors (of which 120,000 yen to an Outside Director) and at a total amount of 8,250,000 yen to the Corporate Auditor, which were calculated in accordance with the Company's relevant standards.

The Company proposes that the timing of these payments coincide with the retirement of each Director and Corporate Auditor, while the allocation and method of the payments be left to the discretion of the Board of Directors with regard to the payment to the Directors, and to the deliberations of Corporate Auditors with regard to the payment to the Corporate Auditor.

The brief histories of the Directors and Corporate Auditor to be granted the final payment of retirement benefits are as follows:

Proposal No. 4: Revision to Remuneration for Directors and Corporate Auditors

By a resolution of the 44th Ordinary General Meeting of Shareholders held on December 19, 1991, remuneration for Directors and Corporate Auditors of the Company was capped at monthly amounts of 35 million yen for Directors and 4 million yen for Corporate Auditors, and these monthly limits have been applied to date.

The Company is scheduled to abolish the retirement benefit plan for Directors and Corporate Auditors at the conclusion of this Ordinary General Meeting of Shareholders. In addition, in the 21 years since the last revision, the scale of the Company's business has expanded, with consolidated net sales growing by roughly three times and consolidated ordinary income by roughly ten times, while the amount of annual dividend payable to shareholders is reaching 46 yen per share subject to the approval and adoption of Proposal No.1 as originally proposed, compared with 10 yen per share at the time of the last revision. In view of these circumstances, the Company proposes that the aforementioned monthly limits be raised up to 55 million yen for Directors (up to 1 million yen for Outside Directors) and up to 6 million yen for Corporate Auditors.

The Company also proposes that remuneration for Directors continues to exclude, as is conventionally done, the salary payable to the service rendered in the capacity of employees by the Directors concurrently serving as employees.

The Company currently has 14 Directors (including one (1) Outside Director) and four (4) Corporate Auditors. If Proposal No. 2 is approved and adopted as originally proposed, the number of Corporate Auditors will be four (4).
